## WEST PALM BEACH HOUSING AUTHORITY

---

### PROGRESS REPORT 2021

A report on the progress the West Palm Beach Housing Authority (WPBHA) has made in meeting the goals and objectives described in the previous 5-Year Plan.

**GOAL: MANAGE THE WEST PALM BEACH HOUSING AUTHORITY'S EXISTING HOUSING STOCK IN AN EFFICIENT AND EFFECTIVE MANNER AND SEEK TO EXPAND THE STOCK OF AFFORDABLE HOUSING IN WEST PALM BEACH.**

#### Objectives:

1. *The West Palm Beach Housing Authority will maintain its vacancy rate at no more than 2%*

The vacancy rate for public housing is at 2% or below. Units turn over very quickly and waitlists are available for immediate move-ins.

2. *The West Palm Beach Housing Authority will continue to decrease the number of days for unit turnaround to less than five days.*

Units in public housing are turned around in an average of 6 days.

3. *The West Palm Beach Housing Authority will improve and re-emphasize policies and procedures for resident orientation.*

The Director of Asset Management, in collaboration with the Property Quality Manager, The Tenancy Certification Manager, the Tenancy Compliance and Support Manager, and the Tenancy Eligibility and Lease-Up Manager, conducts resident orientation prior to move in. The Asset Managers meet one on one with new residents to review the lease, and rent calculations, as well as provide updates on housing authority procedures including encouraging new residents to participate in their Neighborhood Associations (formerly called Resident Councils) for their development.

4. *The West Palm Beach Housing Authority will strive to eliminate pest infestations in all developments.*

Although we continue to strive, we cannot claim to have eliminated all pest infestations. Professional exterminators are under contract and provide monthly spray/baiting services to all public housing units. When necessary, units are inspected every 30 days to monitor housekeeping compliance. Unit exteriors are regularly inspected to ensure that there is no easy entry for rodents into the units. A new and serious menace is the proliferation of feral cats in our senior development. Humane removal and resident education regarding the dangers of feeding and encouraging these creatures is continuous.

**5. *The West Palm Beach Housing Authority shall maintain Section 8 lease-up at 100%.***

Due to development activities requiring an allocation of Project-Based Vouchers, the overall rate has fallen below 100%. However, our VASH program is always close to or at 100%; the developments are on track to be assigned the PBV; and we have finally been able to get close to the last quarter of applicants on our waitlist, which has been closed since 2011.

**6. *The West Palm Beach Housing Authority shall attain high performer status.***

We have maintained a High Performer Status for 2019.

**7. *The West Palm Beach Housing Authority will maintain rent collections at 99% or more.***

The actual collection rate for 2019 is 99%.

**8. *The West Palm Beach Housing Authority will contemplate purchases of expiring use buildings as well as other viable real estate options.***

Although the contemplated purchase of an expiring use building did not work out for 2019, we are still in the market for an appropriate purchase.

**9. *Acquire existing properties and land for subsequent development.***

Currently, the WPBHA is pursuing acquisition of an area ripe for development that is adjacent to one of our successful non-assisted developments. Plans call for blending the properties and bringing a mix of for sale and rental affordable and workforce Housing to the area.

**10. *Revitalize the Dunbar Village and Southridge by HOPE VI Revitalization and/or Demolition grants or by any other means possible.***

Dunbar Village has been completely redeveloped. All of the original units built in 1940 have been demolished, and in their stead are 353 units of new, state of the art, affordable housing. Project-Based Vouchers support 315 of the units; 9 are public housing; the remaining 29 are Tax Credit units. The WPBHA is currently exploring funding for a complete redevelopment of the Southridge site.

**11. *The WPBHA will pursue opportunities to partner with the City of West Palm Beach, private developers, and other viable housing development entities.***

The City of WPB has provided down payment assistance and a construction loan to jump-start the WPBHA's self-developed single-family home production. Four single-family homes have been built and sold; eight more are under reservation and construction is scheduled to start within the next three months.

The WPBHA is also in contract negotiations with Palm Beach County to build 17 single family cottage homes in West Palm Beach on a site on Military Trail.

**12. Pursue the development of a continuum of care for independent living to assisted living, adult day services, and other programs that may include multi-generational housing.**

This activity is being contemplated for the Southridge senior community. Activity is still very much in the planning stages.

**13. Establish commercial/retail ventures along Tamarind Avenue.**

The Tamarind Avenue corridor, which forms the western boundary of the redeveloped Dunbar Village, has the immense good fortune to be included in a State of Florida designated Opportunity Zone. This vacant land sits just in front of the 353 new units and discussions have commenced in how best to proceed with this exciting commercial development program. Unfortunately, we were unable to reach any agreements with OZ investors. We are still actively pursuing other opportunities for a Joint Venture.

**14. Rehabilitate/Construct a Twin Lakes Community Center and Training Facility**

The Twin Lakes Development was converted to RAD effective November 2014. Due to limited funding, the WPBHA conducted a limited rehab of the Twin Lakes Community using operating funds.

**15. Apply for any and all local, State and Federal funding opportunities including 9% LIHTC, Tax Exempt Bonds and CRA financing**

The WPBHA did not apply for LIHTC programs in 2020.

**GOAL: IMPROVE COMMUNITY QUALITY OF LIFE AND ECONOMIC VIABILITY**

**Objectives:**

**1. The West Palm Beach Housing Authority shall achieve a level of customer satisfaction that gives the agency the highest score possible in this element of the Public Housing Assessment System, specifically in the areas of Safety, Communication and Neighborhood appearance.**

The WPBHA is a High Performing Agency in 2019 and 2020.

**2. The WPBHA shall continue to remove all graffiti within 24 hours of discovery**  
Accomplished. Graffiti has ceased to be a prominent concern of the agency.

**3. The WPBHA shall continue to achieve proper curb appeal**

Accomplished. New townhouses on Tamarind Avenue have improved the streetscape of the neighborhood; Southridge continues to be a verdant and appealing community.

**4. *The WPBHA shall create an appealing, up to date environment***

The new development in the former Dunbar Village is a stunning reminder that affordable housing can be architecturally appealing, with innovative amenities.

**5. *The WPBHA shall continue to use De-concentration in an effort to mix its public housing development populations as much as possible with respect to ethnicity, race, and income.***

The racial and ethnic mix of public housing properties continues to diversify.

**6. *The West Palm Beach Housing Authority will pursue plans to implement mixed finance/mixed income housing developments using public/private collaborations.***

***Emphasize quality of life issues for WPBHA elderly residents by improving social services and healthcare on-site.***

The WPBHA has a full time elderly services case manager who provides these services daily.

**7. *Create Economic Initiative, in the Department of financial services to include a bank and an IDA (Individual Development Account)***

WPBHA FSS program is robust and successful.

**8. *Establish revenue streams by offering contracted services to public and private sector customer base.***

The WPBHA has established a revenue stream by providing Security Services to General Contractors on the construction sites associated with our development programs. In 2019, Risk Control Group was licensed by the State of Florida to provide security services to the public at large.

**9. *Pursue Green housing opportunities for both existing units and for new construction including sustainable irrigation systems.***

All new WPBHA developments are at least Silver LEED certified.

**10. *The West Palm Beach Housing Authority consistent with its mission to preserve and enhance the availability of affordable housing commits to the allocation of up to twenty percent (20%) or 619 of its Housing Choice Vouchers (HCV) as Project-Based Vouchers in order to accomplish this objective.***

The WPBHA has 410 PBV allocated, with current plans to allocate an additional 200 in projected developments.

**GOAL: PROVIDE A SAFE AND SECURE ENVIRONMENT IN THE WEST PALM BEACH HOUSING AUTHORITY'S PUBLIC HOUSING DEVELOPMENTS**

**Objectives:**

- 1. The West Palm Beach Housing Authority shall continue to evaluate all developments using second generation Crime Prevention through Environmental Design criteria and implement the recommendations.***

The WPBHA has established a department of Risk Control. The current Director of this department serves as the Florida State Director of the CPTED Association and continuously evaluates all properties for an optimum secure environment.

- 2. WPBHA continues to reduce crime in its developments***

The WPBHA has established its own security force under the direction of the Director of Risk Control. Twelve (12) part-time Risk Control Officers and one Supervisor patrol all properties on a rotating basis. Crime has been drastically reduced throughout all developments.

- 3. The West Palm Beach Housing Authority shall develop more youth activities by partnering with existing social service agencies.***

The Housing Authority has created a new department of Education Development. The current manager of this department is a former middle school teacher, and he is actively setting up programs with the Palm Beach County School District to address issues faced by our student population.

- 4. The WPBHA shall develop strategies for identifying and reducing crime, and will provide to the greatest extent possible security in all developments.***

The WPBHA's Risk Control Department has developed a strong alliance with the WPB Police Department. The level of collaboration is unique and has resulted in vastly improved cooperation at all levels of operations.

- 5. The WPBHA shall reduce its evictions due to violations of criminal laws, by implementing aggressive screening procedures***

The WPBHA is in full compliance with HUD regulations to not let **criminal background checks unnecessarily impede participation in housing programs.**

**GOAL: PROMOTE SELF-SUFFICIENCY AND ASSET DEVELOPMENT OF FAMILIES AND INDIVIDUALS**

**Objectives:**

1. *The West Palm Beach Housing Authority shall continue working with its partners to ensure that to the greatest extent possible, that residents are working or engaged in job training*

In 2017 and 2018, the Asset Management Department, under the leadership of its Director, embarked on a program to eliminate Zero Income for those residents who were not elderly, disabled, or caring for non-school age children at home. Residents were referred to the Re-employment office, the WPBHA's Financial Literacy classes, and encouraged to join FSS. It was notable that a significant number of residents chose to leave subsidized housing rather than become an active participant in this new initiative. For those who did participate, the majority of work available was for minimum wage jobs. Some residents appreciated making steps toward self-sufficiency; all now have the realization that the WPBHA takes the elimination of Zero Rent for applicable populations very seriously.

2. *Continue the Successful Section 8 Homeownership Program*

This program continues to be a great advantage to our Section 8 clients. The WPBHA plans to continue this program for as long as it exists.

**GOAL: REDUCE DEPENDENCY ON FEDERAL FUNDING**

**Objectives:**

1. *The West Palm Beach Housing Authority shall operate so that income exceeds expenses every year.*

Accomplished

2. *Diversify existing public housing portfolio and develop funding alternatives.*

The WPBHA has expanded its development activities and is beginning to see Developer Fees. We are a long way from declaring financial independence (80% of our funding is from HCV, LIPH, and RAD) but we are looking to build on that 20%. We now own as General Partner or Managing General Partner 527 units of Low Income Housing Tax Credit (LIHTC.) We are also recognized by Florida Housing Finance Corporation as a LIHTC Management Company, and secure fees through our Management Agreements. An additional initiative has been to provide Security to these developments during the construction phase. Fees are paid as part of the construction budget.

3. *Re-brand agency as developer/provider of affordable housing.*

West Palm Beach Housing has re-branded itself, as a d/b/a, to **The Housing Center of the Palm Beaches**. This has met with a very positive response from the Community. We changed our membership at the West Palm Beach Chamber of Commerce to Housing Center of the Palm Beaches, and all our marketing for our single-family homes is done under that name. However, a total rebranding has not been fully implemented. The agency is still working on ensuring that all areas such as websites, and correspondence are fully rolled out.
