

**ADDENDUM 2**  
**ALL SOLICITATIONS (IFB 26-01 THROUGH IFB 26-17)**

**1400 HENRIETTA PROJECT**

**Issued: October 1, 2026**

The Invitation for Bids (IFBs, or “solicitations”) referenced above, have each been modified/clarified as follows:

**This Addendum #2** is to clarify what constitutes a responsive bid, and is applicable to all seventeen (17) Invitations for Bid to this project.

**Due to any confusion which may exist, the West Palm Beach Housing Authority (WPBHA) will accept bids which are sealed and minimally contain the elements referenced in Section VII, but it is our preference for all pages of the solicitation to be included in the sealed bid, as noted on page 4 of each solicitation.** Not including all of the pages, will not, in and of itself, be a disqualifying event, and will not be a basis for protest. The WPBHA shall be the sole determinant as to whether a bid is considered responsive to the solicitation, that it is submitted from a responsible Subcontractor, and accepted or rejected.

Note: It is important that all bidders acknowledge, by submitting a sealed bid in response to any of the solicitations, the bidder is acknowledging and accepting all of the elements contained in the solicitation.

There are no other modifications of or clarifications to the solicitation as part of this Addendum.
